

Asterisk Guest Suites

Almost Home.

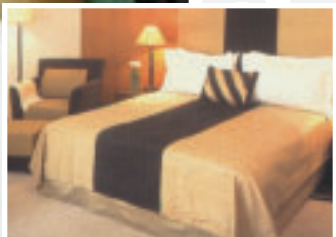

# W e l c o m e

Welcome to your home away from home, Asterisk Guest Suites. Located in Henderson, Nevada, Asterisk is a prime location for people working away from their home offices. And with corridors specially designed with show business professionals in mind, it's ideal for those working in the film and music industries. So come on in, unpack your files, and get settled in. There's work to be done.

# Make Yourself At Home

Style and personality. You've got it. Your homes have it. So we decided our suites should have it too. Asterisk suites vary in style, size, and amenities. Full kitchen, mini kitchen, no kitchen. Living room, dining room, or both. It's your choice. Just let us know what you need to make your suite more homey. We'll make it happen.

Asterisk Guest Suites offers one, two and three bedroom residences. Additional rooms such as dining rooms, living rooms and kitchen sizes vary depending on the floor plan you choose. All floorplans with kitchen areas are outfitted with cutlery, a microwave and microwave-safe dishes. Full-kitchen suites are also equipped with cooking utensils, pots, pans and baking dishes as well as a dishwasher, microwave, and a full-size stove.

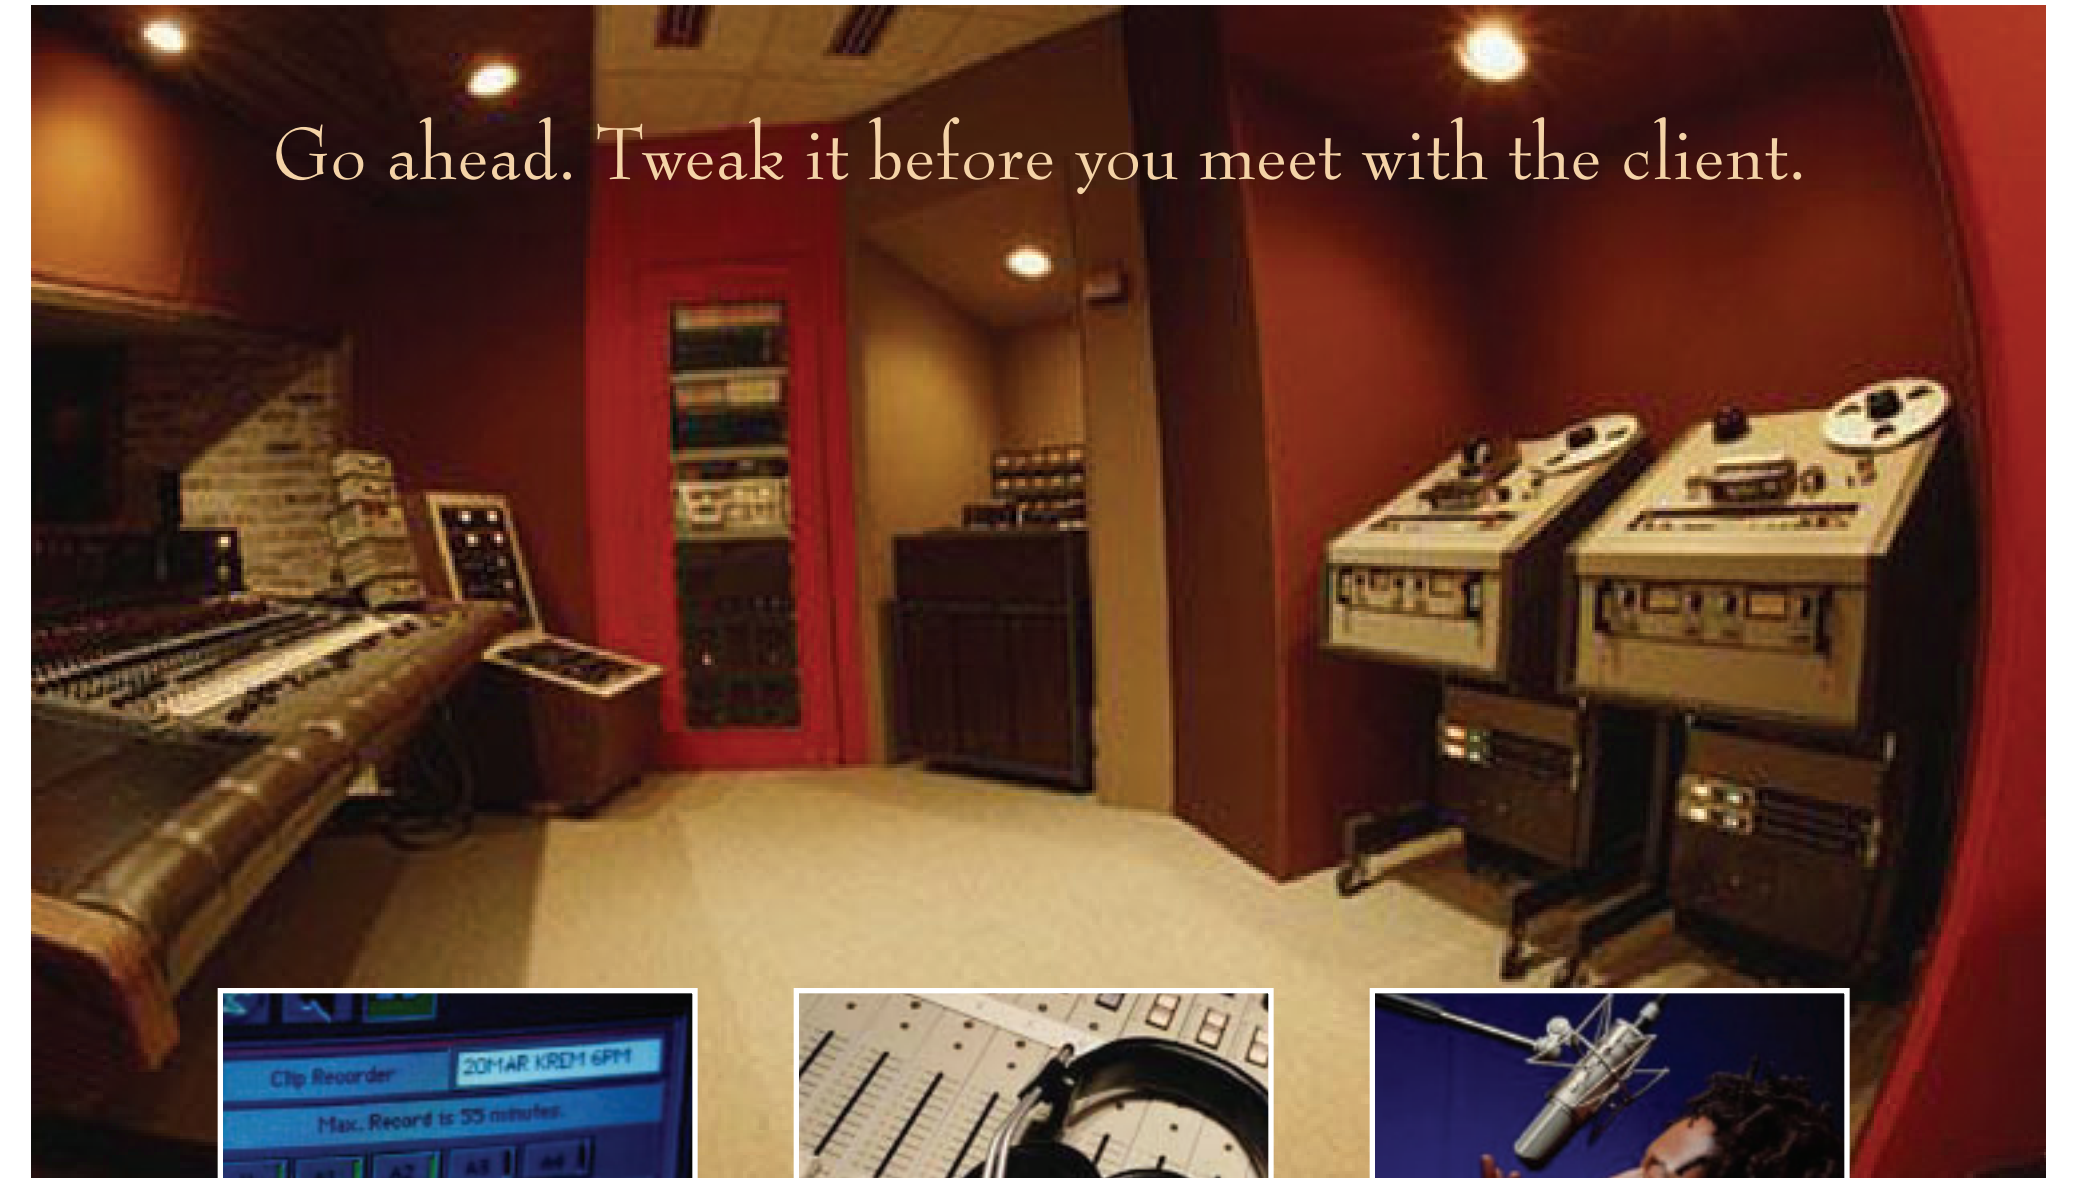

More good news for those of you who like to cook. Asterisk has a small convenient store on it's premises where you can do some light shopping. We also offers personal shopper services. And if cooking isn't your forte but you'd still like a home-cooked meal, our personal chef services may be the answer to your hunger pains. If you prefer take-out over home-cooked meals, just give the Asterisk concierge a call and we'll order up whatever you'd like. Take-out can be ordered from one of the restaurants on the premises or any of the nearby restaurants. Suites with living rooms include a full-size sofa, chaise lounge chair and coffee table and large screen TV with DVD player. A stereo system, equipped with a CD player and XM Satellite Radio is also included. Suites with dens / office nooks have a full-size desk and can be equipped with either desktop or laptop computers. High-speed DSL internet access is complimentary. in all suites. In-room mini fax/copier/scanner machines are available at an additional charge.

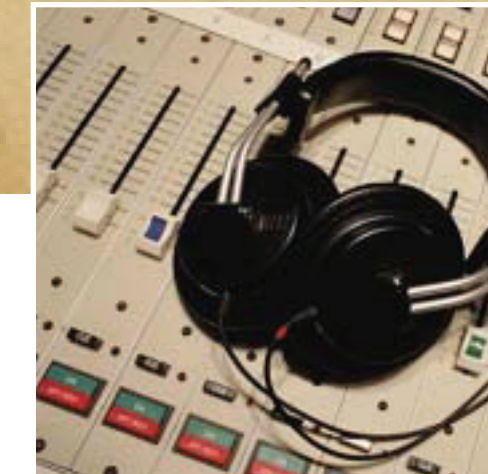

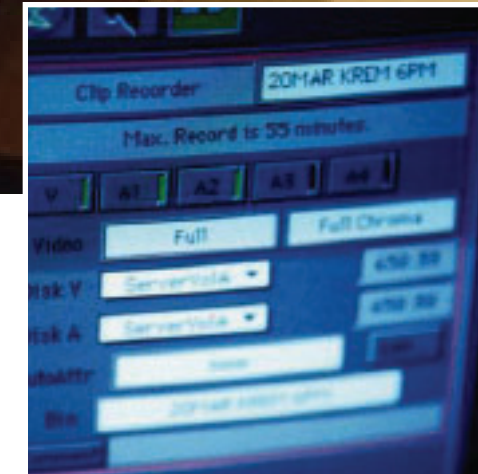

# Business Corridor

You may not be in your home office but you can still work like it.

Go ahead. Tweak it before you meet with the client.

## Whether you work with spreadsheets, sheet music or shot sheets, we've got the tools you need to work on your projects. Just take a walk in the...

### Business Corridor

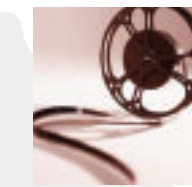

At Asterisk, along with the comforts of home come the comforts of your office. In the business corridor, there are offices available for your use.

Each of them is equipped with a phone, fax and copier. The offices also come with desktop computers that can be loaded with the programs needed to continue with your business without a glitch. Business corridor features include:

- Assigned phone and fax numbers
- Conference & meeting rooms (must reserve)
- Mac or Dell computers
- Available software
  - MS Word
  - MS Excel
  - MS PowerPoint
  - Quark
  - Adobe Photoshop
  - Adobe Illustrator

### Music Corridor

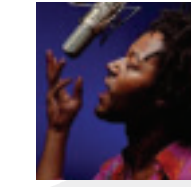

You'll only think you're back in your home studio when you work in an Asterisk Guest Suites studio. Asterisk features six music suites in all. Three of the suites are dedicated solely to mixing music using multi-channel consoles. One music studio is designed for electronic musicians and producers. The remaining two music suites are full production studios, complete with recording booths.

Each studio is equipped with top of the line equipment you need. You can:

- Record live music and vocals
- Create new audio tracks
- Mix audio and instrumentation
- Multi-channel capable computer-assisted editing
- Final mix downs
- Dub multiple copies simultaneously
  - Reels
  - Records
  - CDs

### Film Corridor

Don't risk not having the shots you need. Pre-edit scenes shot during your stay in Nevada in an Asterisk Guest Suites studio. That way,

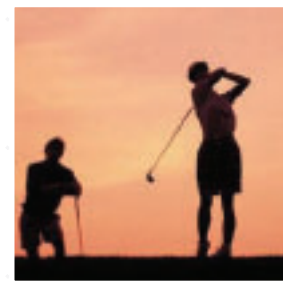

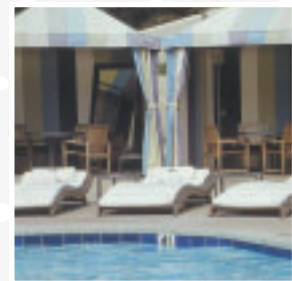

you can always be sure shots will always match and that you've got exactly what you need for your project. Film and video editors and production crews will have access to much of the same editing and viewing equipment they are accustomed to working with. Each of the five Asterisk Guest Suites AV studios are equipped with:

- Linear editing systems
- Non-linear editing
  - Adobe Premiere
  - Avid Edit Suite
  - Final Cut Pro
- Projectors to view dailies
- Theatre Room for viewing rough cuts
- Dub center
  - Film
  - Video

Take Care Of  
Business

# R e l a x

Once the work is done, it's time to unwind. Where will you kick back? On the premises, you can head down to a pool side cabana for a dip or Estrella Spa for an afternoon of pampering. Or, How does a round of golf sound? Land & Sea, Asterisk's twin golf courses are a three-wood's drive away. If you decide to venture out, the town has lots to offer as well. There are six more golf courses to try out, hundreds of quaint restaurants, and two museums. Meanwhile, thrill-seekers can get in on gambling action here in Henderson or head out to Las Vegas for more gaming choices and shows. What's going to help you relax after a hard day's work?

## Las Vegas

Las Vegas is a city unlike any other. It's a place where the reality of everyday life and the fantasy of being the irresponsible adult you sometimes wish you could be can mesh. In fact, some would say it's expected. (But you didn't hear that from us.) In Las Vegas, you can unwind playing the slots at one of the casinos on the strip, take in a show featuring one of Hollywood's top entertainers, or gorge yourself on some of the best cuisine around the world. It's all up to you. And best of all, you can do it all available without spending your entire holiday bonus.

## Adventure Excursions

The strip isn't the only part of Las Vegas brimming with excitement. Outside the casinos, you'll find exciting attractions like Madame Toussead's Celebrity Encounter, Coney Island Museum, Fremont Street or the Bellagio Conservatory. And if you're into the nightclub scene, you may want to check out the infamous Studio 54, The Beach or Circus Acts. There are also a number of attractions nearby, particularly for the outdoor adventurer. Here's a look at some of the local favorites:

### Off-road Riding

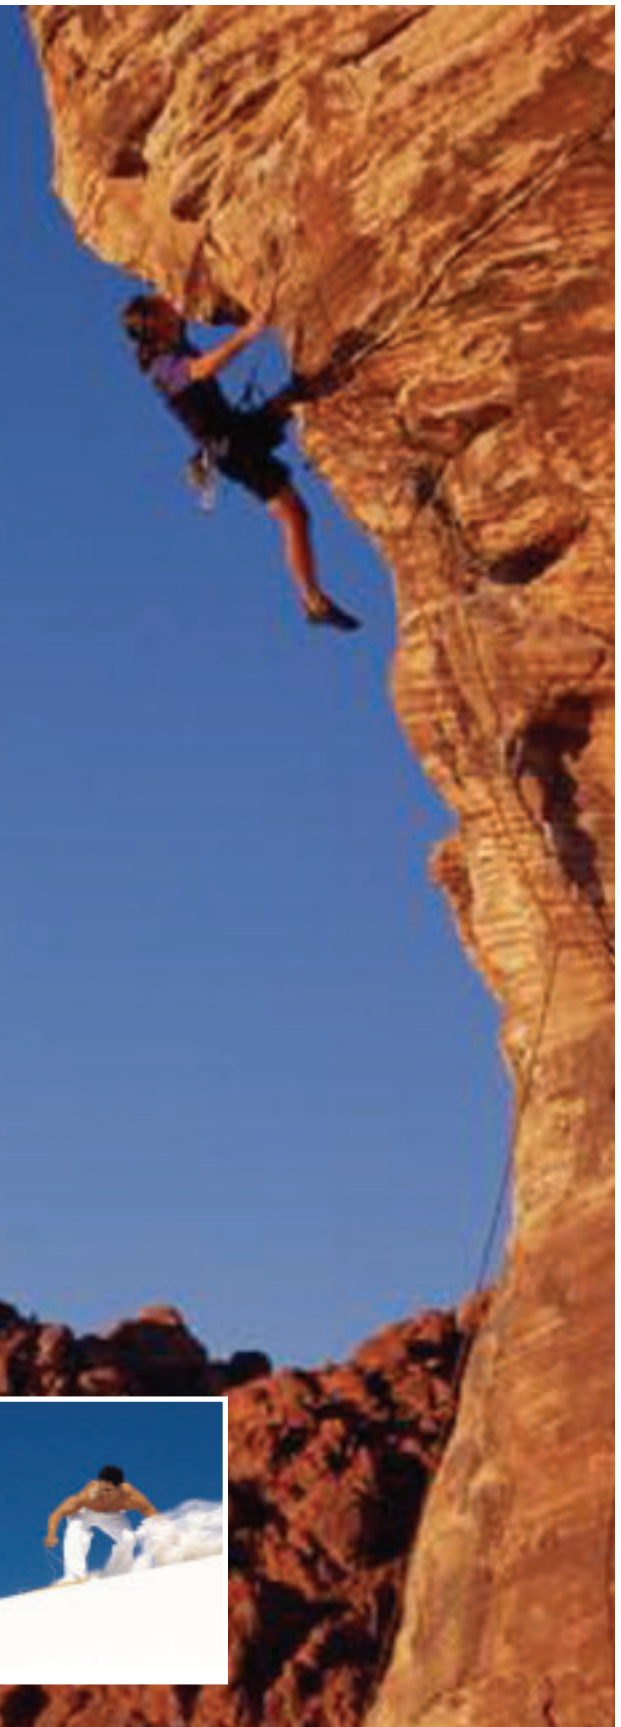

It's not every day you're surrounded by miles and miles of dessert. That you could have an ATV at your disposal. And on top of all that, no one around to remind you to be sensible. Why not take advantage?

### Sandboarding

If you're into snowboarding, you can't leave Nevada without giving sandboarding a try. The skills are similar but it's a whole different type of rush—one only the dunes of Nevada can provide.

### Hiking

No trip to Nevada would be complete without taking in the state's natural beauty. One of the nicest ways to unwind is with a hike. Both Red Rock Canyon and the desert offer unique treks you won't forget. There are a variety of companies that offer tours for novelists and experts alike.
